

## Tips to enable timer while presenting on Zoom using the Presenter's View

1. Open your PowerPoint document
2. Click on Share on Zoom
3. Select the PowerPoint Presentation to be shared

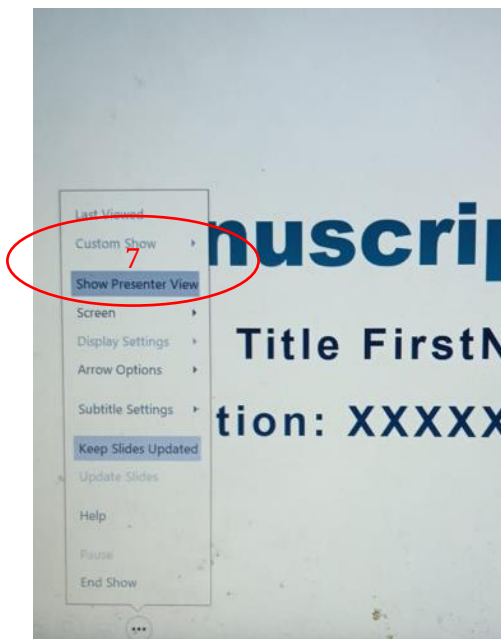

4. Click on Share
5. Click on the Slide Show icon; it is below the page and by the right

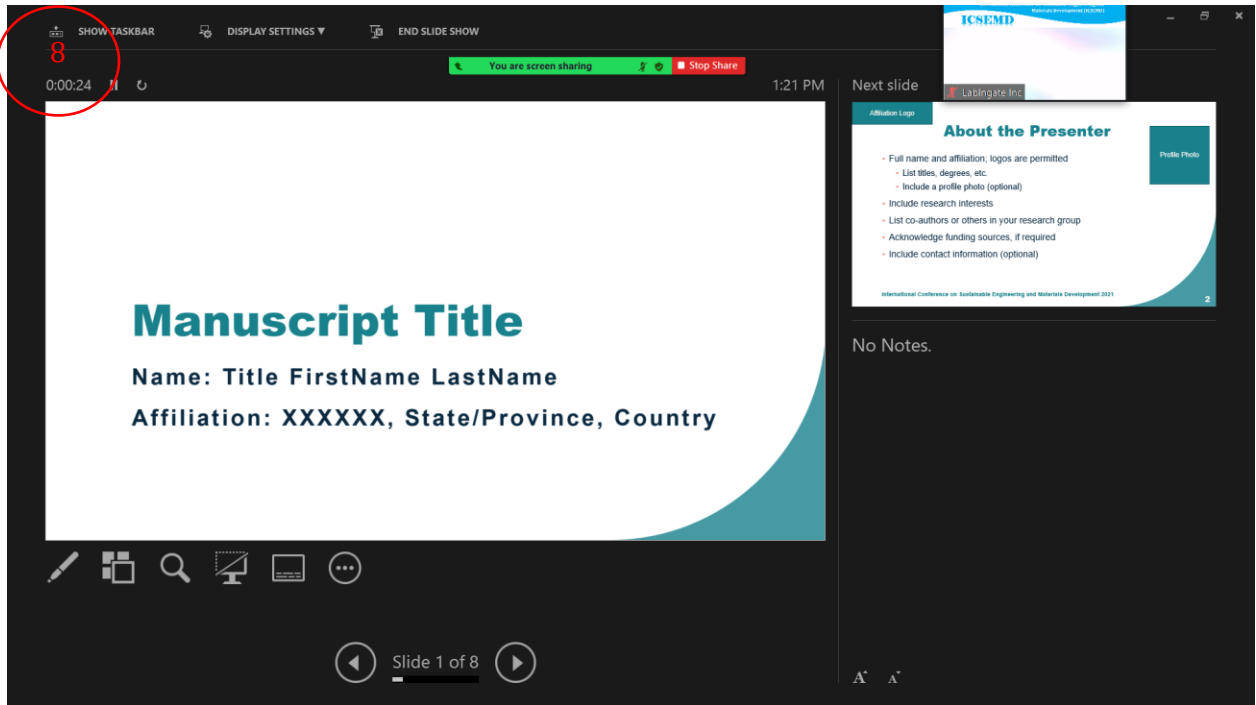

6. Hover your mouse on the 3 dots, below and towards the left, and then click on the 3 dots

7. Select Show presenter view

8. And you have the presenter's view with access to a timer, your notes, the next slides, and others. Please note the timer while presenting to ensure your presentation is delivered within your time limit and allow questions and answers.

9. For your questions and real-time support, please send us a chat on the chat functionality on <https://labingateconference.com/>.
