6. Virtual Tour -During break only

Are you interested in a virtual tour while you are on break and no meeting is ongoing in the conference or breakout rooms?

Click on "Take a virtual tour with other researchers"

You will be redirected to a Bramble world page with a Virtual Conference environment, follow the instruction you hear by the entrance

- Enable your camera and audio
- Move your avatar around the world using the arrows keys on your keyboard
- Explore, Explore, Explore
- When you are close to a person, you will be able to see them and talk to them

• When you are in a Spotlight, everyone in the Bramble world at that time will see and hear you

How To Use Bramble

Movement

Move your avatar around the world with the arrow keys if you're on a computer and the joystick in the bottom right of the screen on mobile.

Audio & Video

Audio and video are both spatial and depend on where your avatar is. Your video feed pops up for users that are closest to you in the world.

Ghost Mode

If there are too many people in a room and you walk in, you'll be a ghost! While you're a ghost, you can't be seen or heard by those in the world of the living. Move to a room that's emptier to regain your corporeal form.

Performances

When someone in the world starts performing, you'll see a "stage" pop up in the world. Click to join it as a viewer. Your audio and video will be hidden while you're in performance.

Groups

Click on another user's avatar to invite them to a group. If someone else asks you to join a group, you'll see a popup with a timer.

Teleporting

Click on the ••• menu in the lower right of the screen. Then click "View everyone." Then you'll see a list of the participants (it might take a moment to load). Click the little pin icon to teleport to them.
